## FEATURES

- 2 solid acrylic shockproof vials including:
  - 1 Horizontal vial
  - 1 Vertical vial
- Accuracy: 0.5 mm/m (0.0005"/in)
- Heavy duty cast aluminum body
- Shock absorbing rubber “anvils”
- Milled surface

## FIELDS OF APPLICATION

- Tiling
- Construction
- Masonry

## ADVANTAGE

- Shock absorbing rubber “anvils” protect the level from trowel blows
- High accuracy
- Durability in harsh environments
